

Why

C. Ditton Lane and Links to East Cambridge

National Cycle Network 11 and 51 (NCN 11 and NCN 51) cross Ditton Lane near Fison Road and then run parallel to the river Cam and connect the City Centre with East Cambridge. This route is extensively used by cyclists heading to Newmarket Park & Ride and Marshall's. In the future it is also likely to be used by those travelling to the Wing housing development. This project will ensure improvements to the busy NCN 11 and 51 and improve the links to the local area, Fen Ditton Primary School and Horningsea.

Where

What

- Widen shared-use foot/cycleway
- Widened path to 2.5m for shared-use foot/cycleway
- Improvements to junctions for pedestrians & cyclists
 - Widened shared-use paths
 - Tighten corners
- Improve crossing
