

**Important, please read**  
Details about road works

Dear Sir/Madam

### **Essential works on the A14**

We are working on behalf of Highways England to repair the bridge crossing the River Cam near junction 34 (Horningsea) on the A14.

Subject to weather conditions, we plan to start work on Tuesday 15 December and finish on Friday 18 December. We will work overnight between 21:00 and 06:00 to ensure that we cause minimum disruption. We recognise that this work may cause some extra noise for you, for which we apologise.

We will need to close the A14 westbound while we are doing this work, between junctions 36 (Bottisham and A11) and 33 (Milton) during this time.

We will do our utmost to complete the works as quickly as possible, avoiding disturbance and keeping noise to a minimum. There will be a clearly signposted diversion in place, which will take you south on the A11, south west on the A505 and north on the M11 to re-join the A14 at junction 31 (Girton).

We would be grateful if you would publicise the works to your parishioners through newsletters and other communications where appropriate.

There will also be some overnight closures on the A14 in early January as part of a programme taking place this winter to improve the safety of the road between junctions 26 and 34.

We want to make your journey as easy as possible during this time. Our email alert service gives details of closures and diversions near you. You can sign up at [www.highways.gov.uk/east\\_subscribe](http://www.highways.gov.uk/east_subscribe).

If you have any enquiries, please contact the Highways England Customer Contact Centre on 0300 123 5000, or by email to: [info@highwaysengland.co.uk](mailto:info@highwaysengland.co.uk).

Yours faithfully

Simon Oakhill,  
Project Manager,  
For and on behalf of Highways England
